

FABRICATION SERVICES

- Shearing (1/4" x 12ft)
- Bending
 - Press Brakes (250 Ton Capacity x 12' Lengths)
 - Folding Machine (16 Gauge x 10' Lengths)
 - Tube Bending (Up to 2" Diameter Pipe)
- Brake Forming
- CNC Punching & Notching (62 Ton Capacity / 60" Press)
- CNC Folding Machine (Up to 10' Lengths)
- Roll Forming (16 Gauge Capacity)
- Sawing (12" Diameter Capacity / Complex Miter Cuts)
- Welding (MIG, TIG, Spot, Steel, Stainless & Aluminum)
- Drilling & Counter-Sinking
- CNC Routing & Machining
- CNC Hy-Def Plasma Cutting (Up to 2" x 8' x 24' Dimensions)
- Flame Cutting (Up to 12" Thick)
- Bridgeport Milling Machine

FINISHING SERVICES

- Finish Paint/Powder Coating
- Priming
- 660 Foot Enclosed Track Conveyor Designed for 8Ft/Minute
- Line #1
 - Six-Stage Power Spray Washer
 - Climate-Controlled Powder Application Room
 - Wagner Super Cube Powder Application Booth
 - 30"Wide x 66"High Maximum Part Size
 - 10'Maximum Part Length
 - I.R., Gas Convection Combination Cure Oven with Variable Temperature up to 550° F.
- Batch System
 - High-Pressure Spray Wand Cleaning
 - Wagner Manual Electrostatic Spray Guns
 - 7'6" high x 7'6" wide x 20' long maximum part size
